

# AI Governance Blueprint

Meeting the demands of compliance and responsible use through AI Governance

# the promise of AI innovation

expectations  
are on the rise

# AI Governance

An aerial photograph of a city skyline at dusk, with a grid overlay. The grid is formed by a vertical white line and a horizontal white line. The text is placed in the four quadrants of the grid.

**principles, strategy  
& policy**

**accountability  
structures & people**

**standardized &  
scalable processes**

**technology**

# AI Governance Maturity

AI adoption sets  
the foundation

business urgency  
sets the pace

# AI Governance Maturity

# from cost center to ROI

**structured, scalable  
& transparent**

**governance that is  
fit for purpose**

**enabling innovation  
& deployment**

**trust & confidence  
in AI**

Giovanni Leoni
